Award of Certificate

A student will have to pass all the subjects (14) to qualify for the award of the Advanced Diploma. Students are assessed on submission of assignments/projects and written examinations. The Advanced Diploma is issued by Institute of Maritime & Business Management (IMBM), a Committee for Private Education (CPE) registered school.

Lecturers

All lecturers, with good academic qualifications and experience, are carefully selected and notified to CPE of their deployment.

Employment Opportunities

Singapore being a major shipping and logistics hub has need for well qualified people for the industry and with the economy growing it is envisaged, the requirement for such personnel would rise with the possibility of shortage of such people for the industry.

About IMBM

Institute of Maritime & Business Management (IMBM) was set up in November 2009. It is a CPE registered private school specializing in maritime, logistics and business studies. The part-time courses are designed for working adults and others for personal development and continuing life-long learning.
